STEINSETZ - Ried (single vineyard, cru) Steinsetz is situated south of the castle just outside of the village Gobelsburg and is marked by sedimentation material of Danube and Traisen. Depending on the size of the flow smaller or larger pebbles – mostly quartzite – were deposited. The sediments are covered by loess of 10 to 50 cm.

Description: It opens clear, bright and fresh on the nose, where ripe apple aromas intermix with delicate smoky aromas. Medium-bodied, piquant and fresh, this is a pretty intense, elegant and well-structured Grüner Veltliner with nicely bitter flavors on the finish. The wine reveals ripe and juicy fruit that reminds me of yellow-fleshed tropical fruits and melons. The finish is fresh, crisp and really stimulating on the palate.

SCHLOSS GOBELSBURG, a Cistercian monastic estate, is one of the oldest wineries in the Austrian Danube area with a documented history that dates back to 1171. All the vineyards are located on slopes and terraces around the valley of the river Kamp near the town of Langenlois and the village of Gobelsburg. Schloss Gobelsburg specialises in Grüner Veltliner and Riesling and produces authentic and noble wines from different single vineyard, village and regional appellations. The winery is member of the association 'Österreichische Traditionsweingüter', which is working on a vineyard classification project for the Danube area.

(1) Ried is the typical Austrian nomination of a single vineyard(cru)
