Age of vines	-----	~40 years
Harvest	-----	End of October
Maturation	-----	Austrian (Manhartsberg) Oak Cask 25 hl
Bottling	-----	July
Alcohol	-----	13,5 % by Vol

LAMM - Ried (single vineyard, cru) Lamm is situated on the south east slope of Heiligenstein. Beside erosion material from Heiligenstein, (perm, red silstone) a high proportion of clay can be found. The vineyard is south-facing and very well-exposed. This helps develop the grapes for a wine that, after maturation in traditional double foudre from the local forest of Manhartsberg, results in a wine with power and elegance.

Description: It's not often that a young Austrian gruner veltliner reminds you of Burgundy, though mature examples often do. The ripe-mirabelle, candied-pineapple and dried-herb aromas are married to a palate that's rich and creamy. But beneath the waterline this is also a highly structured wine. Rather imposing finish, suggesting excellent aging potential.

SCHLOSS GOBELSBURG, a Cistercian monastic estate, is one of the oldest wineries in the Austrian Danube area with a documented history that dates back to 1171. All the vineyards are located on slopes and terraces around the valley of the river Kamp near the town of Langenlois and the village of Gobelsburg. Schloss Gobelsburg specialises in Grüner Veltliner and Riesling and produces authentic and noble wines from different single vineyard, village and regional appellations. The winery is member of the association 'Österreichische Traditionsweingüter', which is working on a vineyard classification project for the Danube area.

(1) Ried is the typical Austrian nomination of a single vineyard (cru)
