SPIEGEL - Ried (single vineyard, cru) Spiegel is an east to southeast-facing ridge situated south of Langenlois. The deep calcareous soils here are based on thick loess with a balanced mineral composition. Thin layers of gravelly stone in some places as well as old soil formations indicate that the loess was structured according to different climatic phases.

Description: Smoky nose with hints of verbena and vanilla pods, elegantly proportioned and nonetheless trenchant; lovely volume, juicy and ample, even right at the start, fine charisma and matching acid bite.

SCHLOSS GOBELSBURG, a Cistercian monastic estate, is one of the oldest wineries in the Austrian Danube area with a documented history that dates back to 1171. All the vineyards are located on slopes and terraces around the valley of the river Kamp near the town of Langenlois and the village of Gobelsburg. Schloss Gobelsburg specialises in Grüner Veltliner and Riesling and produces authentic and noble wines from different single vineyard, village and regional appellations. The winery is member of the association 'Österreichische Traditionsweingüter', which is working on a vineyard classification project for the Danube area.

(1) Ried is the typical Austrian nomination of a single vineyard (cru)
