TRADITION - The grapes were pressed softly with only a few twists (as with a tree press), filled without degumming into a large Manhartsberg oak cask (25 hectoliters), and then spontaneously fermented without cooling. Following fermentation, the wine was racked three times until it was almost completely pure. The wine was bottled after maturing in the cask for 18 months.

Description: A very sophisticated dry riesling with a ton of delicate spicy notes. This is just beginning to open up after a 18 month maturation in barrel. The peach and herbal aromas are still restrained, but on the palate there's great textural complexity and the elegant finish is really long and subtle.

SCHLOSS GOBELSBURG, a Cistercian monastic estate, is one of the oldest wineries in the Austrian Danube area with a documented history that dates back to 1171. All the vineyards are located on slopes and terraces around the valley of the river Kamp near the town of Langenlois and the village of Gobelsburg. Schloss Gobelsburg specialises in Grüner Veltliner and Riesling and produces authentic and noble wines from different single vineyard, village and regional appellations. The winery is member of the association 'Österreichische Traditionsweingüter', which is working on a vineyard classification project for the Danube area.
